

FReNBI Field Work Guide
FReNBI-Zambia In Conjunction With
Australia School Of Ministries, AUSOM.
Faith Revival For The Nations

The FReNBI Field Work is a self-directed Unit of 4 semester credits under the supervision of assigned mentors. It is based on an area of concentration chosen by the student.

The Three Kinds Of FReNBI Field Work

(1) Field Work 1 is focused on individual ministry; applicable to full-time Certificate students (in Zambia) as well as all current Online/FCBS Correspondence students (including those in Australia).

(2) Field Work 2 is focused on team-ministry to the city; applicable to full-time Diploma students, usually at the end of Year 1 study.

(3) Field Work 3 is focused on international missions (overseas internship); applicable to full-time Diploma students, usually in the final semester of Year 2 study.

FIELD WORK 1 & DURATION REQUIREMENT

All FReNBI Online/FCBS Correspondence Students (for whom only Field Work 1 is applicable), and who have completed 5 course Units (or 10 subjects), are due to prepare and fulfil this exciting component of the FReNBI study. Please start praying about this field work and let the Lord lead you to what He would have you do. This will be a Godly exercise to further grow your potential and create an impact for His kingdom. The duration is 3 weeks (extendable to 4 weeks if required) within your study period.

OBJECTIVES OF FIELD WORK 1: (Individual Ministry).

“He that is faithful in that which is least is faithful also in much, and he that is unjust in the least is unjust also in much....and if you have not been faithful in that which is another man’s, who shall give you that which is your own” Luke 16:10-12.

- (1) To provide the individual student with the “least” opportunity to bless others, or have fruits abound into other churches/ministries; that, in so doing, the student may also nurture the knowledge received at the certificate study and mature in it through practical, hands-on involvement under supervision.
- (2) To provide the opportunity for a faith-project by which the individual student can exercise faith for spiritual strength, wisdom and power, as well as for the financial and human resources required for their field-work, being a type of the work of the ministry.
- (3) To provide an opportunity for the individual student to discover more of their gifts, talents and abilities, and to develop further in their ministerial skills and Calling as they work under supervision.
